Minnesota Elevation Map

Minnesota is actually a fairly flat state, with the highest areas occurring in the northeastern and southwestern portions and most of the middle taken up by a low-lying river basin. The highest point is Eagle Mountain, at 2301 feet (in Cook County) and the lowest point is 602 feet at Lake Superior.

Please note that this is a very generalized map. The actual terrain is far too intricate to be made into a coloring page.

Elevation

- 1 below 900 feet
- 2 900 – 1100 feet
- 3 1100 – 1300 feet
- 4 1300 – 1500 feet

- 5 1500 – 1700 feet
- 6 1700 – 2000 feet
- 7 2000 – 2300 feet
